

About Us

We are an education and relationship based networking group with like-minded people who love business, people, and seeing each other grow and achieve results. We focus on getting to know each other and each other's goals, as well as growing individually and as a group.

Our Mission

Our mission is to unlock the potential of our inner business person, improving each business through connections, organization and creativity with the use of education and support from each member

Attendance Policy

In order to receive the maximum benefit from the group, it is important to attend the meetings. However, we understand that life happens and sometimes members will be unable to attend. We have crafted an attendance policy that we feel maintains the integrity of the group and offers the flexibility that we require in our busy lives and businesses.

Members are allowed to miss 5 meetings over a six month period. Substitutions are greatly encouraged because it allows you to be represented at the meeting and supports fellow members, at the same time bring more contacts into our DGO sphere. Having a substitute does negate the member's absence, but relieves the member from paying the \$5.00 absence fee.

Member Benefits

Business networking by creating personal relationships has been proven to be the best type of marketing. Durango Growth Organization encourages genuine business connections. Apart from growing one's business, members improve their public speaking skills and gain practical knowledge on various aspects of running a business.
